HEARTBEAT IV – GBR1424R

Performance Racing Cruiser

Heartbeat IV is the epitome of performance sailing in comfort. Equipped to MCA Category 0 and sailed to the highest standard both inshore and offshore, Heartbeat IV continues the tradition of the previous three Heartbeats which have won many of prestigious East Coast trophies and offshore races.

In 2011, her first full race season, Heartbeat IV will be competing in the East Anglian Offshore Racing Association series, the Rolex Fastnet Race, the Rolex Middle Sea Race, and the ARC 2011. She will be available for full corporate charter in Cowes Week and pre-Cowes week. Passage places will be available for her delivery to the Mediterranean and to the Canaries.

Flexible charter and passage solutions

Licensed to carry 10 guests with 2 professional crew, Heartbeat IV provides the perfect platform for entertaining clients or simply enjoying a day afloat with friends or for special celebrations. Day sail charters are either from Gunwharf, Portsmouth, Ocean Village, Southampton, or on the East Coast. We can build an itinerary for your needs.

Dufour 45 e

First class performance and comfort

The Dufour 45 E Performance is designed by Umberto Felci and continues a tradition of fast, performance cruisers originating from La Rochelle. The flowing lines of the coach-roof, the uncluttered deck, a cockpit that's broad yet offers good protection mean that clients enjoy space and comfort. High-quality deck fittings coupled with Dufour ergonomics enable the boat to be handled easily.

The interior is functional and impressive. Webasto heating ensures that the boat can remain dry and warm. Three large cabins and two heads allow privacy, yet with the saloon 9 adults can sleep in comfort. The galley allows good access to permit safe and easy catering.
